

Dear Registering Camp Families,

As registration opens, we wanted to share a quick clarification regarding the optional protection plan that appears during the CampDoc registration process.

The protection plan displayed in CampDoc is not affiliated with Murray Camp. It is a third-party offering that CampDoc displays by default as part of their registration platform. Separately and importantly, Murray Camp already provides.

-A 100% refund for medical emergencies, and

-A full credit for future seasons when a cancellation event is reviewed and approved under our camp policies.

We want families to understand that Murray Camp's refund and credit policies apply regardless of whether optional third-party insurance is selected.

If you have any questions as you register, please don't hesitate to reach out. We're always happy to help.

Warm regards, Murray Camp Nantucket
